

# Newington Cemetery Snowdrop Walks

The Scottish Snowdrop Festival takes place in February and this is the best month to see the cemetery's stunning shows of snowdrops. Visit us any time to see these much-loved heralds of spring!

On Sunday 16 February, from 1pm to 3pm, volunteers from the Friends of Newington Cemetery will be on hand to show visitors the best spots to view our splendid array of spring flowers and to answer questions about our work to research and look after this Victorian garden cemetery.

Our enthusiastic working party meets on the 3rd Monday of every month (10 am at the gates). Why not join us!
